

Ausgeburt

Oh yes, it's me
The lord of flies
Your reality
A bunch of lies

You are wasting
My precious time
You are nothing
Less than grime

Your body your soul
I take control
This is what I really want
You little cunt

I am the master of this shit
Your so-called world
My rage is endless for you
Believe me, that's true

I will come over this world
You will die in pain
I will destroy your flesh
And your blood will rain

Destroyer of the world
Shaitan
Samael
Baphomet

Oh yes, it's me
The lord of flies
Your reality
A bunch of lies

You are wasting
My precious time
You are nothing
Less than grime

You're just scum
live in a delirium
Dirt under my feet
Corroded by greed

I am the master of this shit
Your so-called world
My rage is endless for you
Believe me, that's true

I will come over this world
You will die in pain
I will destroy your flesh
And your blood will rain

Destroyer of the world
Shaitan
Samael
Baphomet
